# UBUNTU IN SOCIAL SERVICES & DEVELOPMENT IN AFRICA -A COMPREHENSIVE GUIDE

You might be a lecturer, a tutor, a student, a practitioner, or a researcher, we want to welcome you to this book which is available in different formats. In writing this book, our major aims were to address the lack of relevant textbooks in Africa and promote use of Africa's knowledges in social services and development. The authors' experience of having to use literature from outside Africa for their training was a motivation for this book.

# THE JOURNAL OF DEVELOPMENT ADMINISTRATION

the journal publishes papers that have implications for African development. The journal focuses on people centred approaches to development. This is development with a human face. By putting people at the centre of development, practitioners, governments and agencies have greater chances of taking people out of poverty.

# **MENTAL HEALTH: AFRICAN UNDERSTANDINGS, MODELS, AND INTERVENTIONS**

Mental health in the literature is written from Eurocentric perspectives even for African audiences and readers, who are mainly students, academics and practitioners. Indigenous understanding of mental health is neglected yet there are successful models and interventions such as the Friendship Bench that have originated from Africa and are used globally. This gap in literature exists in all professions, including social work.
